Dear Dr Wada,

Your article titled “[Mallet fingers with bone avulsion and DIP joint subluxation](#)” is one of the most downloaded articles in the Journal of Hand Surgery European Volume. I congratulate you for your extraordinary achievement.

As in the previous years, the Top 10 Most Downloaded Papers will be presented during the FESSH 2016 Santander Meeting on Friday 24 June 2016 in between 15.30 and 16.20 at Room 3. I would like to invite you or one of the co-authors of your article to make a 3 minutes presentation. If none of the authors is available for this session, I would happily present your study.

Sincerest regards,

Prof Gürsel Leblebicioğlu
